PROFILE

Motivated third-year Information Technology undergraduate at the University of Moratuwa with a strong interest in software engineering, full-stack development, and problem-solving. Hands-on experience developing software solutions through individual and team-based projects. Currently following a 6-month AI & ML Engineering course at IJSE to broaden my technical knowledge. Seeking a Software Engineering internship to apply and strengthen my development skills in real-world projects.

EDUCATION

BSc (Hons) in Information Technology	2024 - Present
• University of Moratuwa, Sri Lanka	
G.C.E. Advanced Level - Physical Science Stream	2022/23 AL
• Mahinda College, Galle Physics: A, Chemistry: A, Combined Mathematics: B Z-Score: 1.7901 District Rank: 144	
G.C.E. Ordinary Level	2019 OL
• Mahinda College, Galle 9A Passes	

TECHNICAL SKILLS

Languages:	Java, C, JavaScript, TypeScript, Python
Frontend:	React.js, HTML5, Bootstrap, Tailwind CSS
Backend:	NestJS
Databases:	MySQL, MongoDB, PostgreSQL
Tools:	Git, GitHub, Figma, Postman, Firebase

PROJECTS

Smart Credit+ - Peer-to-Peer Lending Platform (Team Project) - React Native, React.js, NestJS, Firebase

- Collaborated in a 5-member university team to develop Smart Credit+, a secure multi-role peer-to-peer lending platform with borrower, lender, and administrator interfaces.
- Designed and implemented the Admin Web Portal, including KYC review and approval, lender advertisement moderation, and user account management for activation, deactivation, suspension, and banning.
- Developed administrative dispute-resolution workflows, analytics for loan volume, defaults and user activity, and fraud-alert monitoring; coordinated shared Firebase data structures and status values across modules.
- GitHub: https://github.com/NishenAMJ/Smart_Credit_API | Live Demo: <https://smart-credit-api.vercel.app>

Smart Tea Factory Supplier Analytics System (Solo Project) - React.js, NestJS, SQL Server

- Independently designed and developed a full-stack tea supplier quality and payment management system based on real tea-factory workflows observed through personal work experience.
- Built multi-grade collection recording, automated payment calculations, weighted quality scoring, supplier history, dashboards, and reporting, with JWT authentication and server-side validation for reliable data handling.
- GitHub: <https://github.com/lumithmanuu/Tea-leaf-supplier-s-management-system>

Grim Reaper Interactive Animatronic System (Team Hardware Project) - C++, Arduino, Microcontrollers

- Collaborated on a sensor-driven Arduino Mega 2560 animatronic that responds to proximity, sound, and touch with coordinated motor movement and synchronized audio.
- Designed and implemented the NEMA 17 chest movement mechanism and touch-sensor module, including stepper-driver integration, Arduino motor-control logic, real-time response programming, testing, debugging, and structural alignment.

LEADERSHIP & VOLUNTEERING

Co-Chairperson - Cheer for Mora 2025

Aug 2025

- Led the planning and execution of a university-wide spirit and engagement event, coordinating committee activities, logistics, promotion, and crowd engagement.
- Strengthened teamwork and communication by supporting organizing teams and ensuring smooth event-day operations.

Logistics Team Lead & Member - Food Festival 2025

Jul 2025

- Led the Stall Coordination Team while contributing to the Logistics Team for a large-scale university food festival.
- Coordinated stall allocation, vendor support, and event logistics to improve operational flow and attendee experience.

Organizing Committee Member - Fit and Furious

Feb 2025

- Contributed to the planning and execution of a fitness challenge event involving team-based competitions.
- Supported participant engagement, activity coordination, and on-day operations to promote teamwork and sportsmanship.

Organizing Committee Member - Cheer for Mora 2024

Aug 2024

- Assisted with event planning, promotion, crowd engagement, and logistics support for a university sports spirit event.

Logistics Team Member - Food Carnival 2024

Jun 2024 - Aug 2024

- Contributed to organizing a major food festival at the University of Moratuwa with 4,000+ attendees.
- Supported logistics, vendor coordination, and operational management to ensure successful event execution.

Sponsorship Calling & Logistics Team Member - Cricket Fiesta 2024

May 2024 - Sep 2024

- Supported sponsorship outreach, marketing support, operations, and logistics for a cricket tournament involving 36 teams.

PROFESSIONAL DEVELOPMENT & CERTIFICATIONS

- | | |
|--|---|
| • AI & ML Engineering Course - IJSE (6-month program, Ongoing) | • Foundations: Data, Data, Everywhere - Google (Coursera) |
| • Python for Data Science, AI & Development - IBM (Coursera) | • Python for Beginners - University of Moratuwa |
| • Introduction to Software Engineering - IBM (Coursera) | • Web Design for Beginners - University of Moratuwa |
| • Introduction to AI - Google (Coursera) | • Front End Development - HTML - Great Learning Academy |
| • AI Fundamentals - Google (Coursera) | • Front End Development - CSS - Great Learning Academy |

LANGUAGES

Sinhala: Native | **English:** Professional Working Proficiency

PERSONAL DETAILS

Date of Birth: 29 January 2004 | **Gender:** Male

Nationality: Sri Lankan | **Marital Status:** Single

INTERESTS

Cricket Event Management
