lumithmanuu@gmail.com | +94 71 420 7886 | Isuru Place, Kalegana, Galle, Sri Lanka

PROFILE

Third-year Information Technology undergraduate at the University of Moratuwa with hands-on experience in software engineering, full-stack development, and responsive frontend development. Built and deployed individual and team-based applications using React, TypeScript, NestJS, Python, and Git-based workflows. Currently following a 6-month AI & ML Engineering course at IJSE. Seeking a Software Engineering internship to apply and strengthen development skills in real-world projects.

EDUCATION

BSc (Hons) in Information Technology	2024 - Present
• University of Moratuwa, Sri Lanka	
G.C.E. Advanced Level - Physical Science Stream	2022/23 AL
• Mahinda College, Galle Physics: A, Chemistry: A, Combined Mathematics: B Z-Score: 1.7901 District Rank: 144	
G.C.E. Ordinary Level	2019 OL
• Mahinda College, Galle 9A Passes	

TECHNICAL SKILLS

Languages:	Java, C, JavaScript, TypeScript, Python
Frontend:	React.js, HTML5, Tailwind CSS, Bootstrap, Motion (React)
Backend:	NestJS
Databases:	MySQL, MongoDB, PostgreSQL
AI / ML:	Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Streamlit, Joblib, Jupyter Notebook
Tools:	Git, GitHub, Vite, Figma, Postman, Firebase, Vercel

PROJECTS

Smart Credit+ - Peer-to-Peer Lending Platform (Team Project)	<i>React Native · React.js · NestJS · Firebase</i>
- Collaborated in a 5-member university team to develop Smart Credit+, a secure multi-role peer-to-peer lending platform with borrower, lender, and administrator interfaces. - Designed and implemented the Admin Web Portal for KYC review, advertisement moderation, user-account controls, dispute resolution, analytics, and fraud-alert monitoring; coordinated shared Firebase data structures across modules. - GitHub: https://github.com/NishenAMJ/Smart_Credit_API Live Demo: https://smart-credit-api.vercel.app	
Smart Tea Factory Supplier Analytics System (Solo Project)	<i>React.js · NestJS · SQL Server</i>
- Independently designed and developed a full-stack tea supplier quality and payment management system based on real tea-factory workflows observed through personal work experience. - Built multi-grade collection recording, automated payment calculations, weighted quality scoring, supplier history, dashboards, and reporting, with JWT authentication and server-side validation for reliable data handling. - GitHub: https://github.com/lumithmanuu/Tea-leaf-supplier-s-management-system	
Customer Churn Prediction System (Solo Project)	<i>Python · Scikit-learn · Streamlit</i>
- Developed an end-to-end ML classification application using 7,000+ telecom customer records, covering data cleaning, preprocessing, model comparison, cross-validation, and hyperparameter tuning in a reusable Scikit-learn pipeline. - Serialized the selected Logistic Regression pipeline with Joblib and deployed a Streamlit interface for real-time churn predictions and probability estimates. - GitHub: https://github.com/lumithmanuu/customer-churn-prediction Live Demo: https://customer-churn-prediction-ido8cswunbdz6usubiutr3.streamlit.app	

Lumith Portfolio - Personal Developer Portfolio (Solo Project)

React · TypeScript · Vite · Tailwind CSS · Vercel

- Independently designed and developed a responsive single-page portfolio using reusable React components and data-driven project content, with responsive navigation, project galleries, and maintainable TypeScript structure.
- Implemented Motion-based interactions, accessibility-focused UI states, and a custom HTML Canvas particle background; deployed on Vercel with GitHub-connected automatic production deployments.
- GitHub: <https://github.com/lumithmanuu/lumith-portfolio> | Live Demo: <https://lumith-portfolio.vercel.app>

Grim Reaper Interactive Animatronic System (Team Hardware Project)

C++ · Arduino · Microcontrollers

- Collaborated on a sensor-driven Arduino Mega 2560 animatronic that responds to proximity, sound, and touch with coordinated motor movement and synchronized audio.
- Designed and implemented the NEMA 17 chest movement mechanism and touch-sensor module, including stepper-driver integration, Arduino motor-control logic, real-time response programming, testing, debugging, and structural alignment.

LEADERSHIP & VOLUNTEERING

Co-Chairperson - Cheer for Mora 2025

Aug 2025

- Led planning and execution of a university-wide spirit and engagement event, coordinating committee activities, logistics, promotion, crowd engagement, and event-day operations.

Logistics Team Lead & Member - Food Festival 2025

Jul 2025

- Led the Stall Coordination Team and supported logistics for a large-scale university food festival, coordinating stall allocation, vendor support, and event operations.

Organizing Committee Member - Fit and Furious

Feb 2025

- Supported planning, participant engagement, activity coordination, and event-day operations for a team-based university fitness challenge.

Organizing Committee Member - Cheer for Mora 2024

Aug 2024

- Assisted with event planning, promotion, crowd engagement, and logistics support for a university sports spirit event.

Logistics Team Member - Food Carnival 2024

Jun 2024 - Aug 2024

- Supported logistics, vendor coordination, and operational management for a major university food festival attended by 4,000+ participants.

Sponsorship Calling & Logistics Team Member - Cricket Fiesta 2024

May 2024 - Sep 2024

- Supported sponsorship outreach, marketing support, operations, and logistics for a cricket tournament involving 36 teams.

PROFESSIONAL DEVELOPMENT & CERTIFICATIONS

- AI & ML Engineering Course - IJSE (6-month program, Ongoing)
- Python for Data Science, AI & Development - IBM (Coursera)
- Introduction to Software Engineering - IBM (Coursera)
- Introduction to AI - Google (Coursera)
- AI Fundamentals - Google (Coursera)
- Foundations: Data, Data, Everywhere - Google (Coursera)
- Python for Beginners - University of Moratuwa
- Web Design for Beginners - University of Moratuwa
- Front End Development - HTML - Great Learning Academy
- Front End Development - CSS - Great Learning Academy

LANGUAGES

Sinhala: Native | **English:** Professional Working Proficiency

PERSONAL DETAILS

Date of Birth: 29 January 2004 | **Gender:** Male

Nationality: Sri Lankan | **Marital Status:** Single

INTERESTS

Cricket Event Management
